Surrogate Gallery Presents $S + P = A$

Join [Surrogate Gallery Projects](#) for the opening reception of $S + P = A$ [Systems + Process = Aesthetics] on Saturday, February 11 from 6-9 pm.

$S + P = A$ is a group of artists whose work references structures, systematic organizing methods as an important part of

their creative practice. Some artworks clearly evidence a systematic development by creating geometric patterns, mathematical associations and repetition. In other artworks, the systematic process is less conspicuous where their process is more about exploration of materials, a purposeful search for systems and structure or that systems are embedded deep within their process.

The exhibition will be on view at 686 E. Union St., Unit 1 (behind Vroman's Bookstore) through March 10th. Hours are Wednesday & Friday, 3-5 pm and Saturday, 5-7 pm.
